Brother Phelps.

I have felt deeply interested in the success of the plan for a new abolition paper, and take the liberty of writing you to ascertain how the matter stands. Will there be another paper started? When? Under whose management? You may perhaps think, from the circumstance that all our delegates to the Annual Meeting opposed the plan of another paper that it would receive but little support from the students generally. but permit me to assure you it is not so. Very many are exceedingly desirous to have another paper. and are ready to lend what assistance they can to sustain it. Will you inform me by the earliest opportunity in what way we can assist you. So far as pecuniary assistance goes, you of course are acquainted with the circumstances of Theological Students, but what influence we possess in recommending the paper, we shall freely lend, as well as
